## **Celebration a success**

On behalf of the board of directors of Rogue River Watershed Council, I would like to thank everyone who participated in this year's "Celebrate the Rogue!" fundraiser Oct. 20.

The event was more fun, entertaining and successful because of the foot-stomping bluegrass of Eight Dollar Mountain, a repeat performance by Seattle's opera-singing fisheries biologist Gino Lucchetti, and the generous support of our event sponsors — Cascade Stream Solutions, Full Circle Real Estate, Huyke O'Connor Jarvis, LLP, Jacobson Thierolf & Dickey, PC, L&S Rock Products, M&M Services, LLC, Medford Water Commission, Neilson Research Corporation, Plant Oregon, Pronto Print, River Design Group, RH2 Engineering, and Watchable Wildlife Foundation.

The enthusiastic support we received from our sponsors, donors, auction participants and event attendees is a tribute to the important work Rogue River Watershed Council is doing to improve water quality, restore stream habitat, and engage local citizens and businesses on watershed health issues in Josephine and Jackson counties!
